# Seth Goldberg

---

- Objective                      To work for a company where I can help create profits for the company by sharing my computer knowledge in a team oriented position, while advancing within the IT field
- Professional                      2005 -- Present                      Pyramid Consulting Corporation    Alpharetta, GA  
experience                      Middleware Consultant to UPS-SCS
- Support a 24/7 uptime environment for the Middleware Department at UPS-SCS utilizing technologies such as MQ Series, FTP and Cyclone
  - Tech Lead in Menlo / Forwarding VAN Migration
- 2003 – 2005                      Easylink Services Corporation    Piscataway, NJ  
Customer Implementation Engineer (EDI-INT / MQ Series)
- Implemented many high profile customers on an EDI-INT UNIX gateway server (running Cyclone Interchange 4.0 and 4.2) supporting AS1, and AS2 as well as many other connectivity options such as IBM MQSeries and FTP
  - Supported and monitored Cyclone EDIINT gateway application and server
  - Implement and Administer customer connectivity to EasyLink's Global Network utilizing IBM MQSeries
- 2001 - 2003                      Easylink Services Corporation                      Edison, NJ  
Network Operations Technician
- Supported the AT&T / Easylink EDI global network, monitoring over 800,000 EDI transactions per day between trading partners that composed of many top Fortune 1000 and other corporations, in a six-sigma uptime environment.
  - Used Compuert, and HP Openview to monitor dialup, dedicated-synchronous, Datakit, X.25, and frame relay connections to worldwide data centers.
  - Supported a wide array of AT&T Unix System V Release 3.2 on Stratus platforms; Solaris 5.6, 7, and 8 on Sun platforms.
